

[HRDAP | ISHR 2018 training for human rights defenders: apply now!](#)

27.10.2017

The training will take place in Geneva between 11 and 22 June 2018 and provides defenders with opportunities to put their advocacy skills directly into action at the 38th session of the UN Human Rights Council. Get a taste of the programme [here](#), and find out more about how to apply [here](#). Applications for the 2018 edition have now closed.

ISHR's Human Rights Defender Advocacy Programme (HRDAP) equips defenders with the knowledge and skills to make strategic use of the international human rights system. It also provides an opportunity for participants to directly engage in lobbying and advocacy activities at the UN level to effect change on the ground back home.

As well as receiving training modules on all the UN human rights mechanisms from a range of experts, participants will also have the opportunity to build networks in Geneva and around the world, carry out lobbying of UN member States and UN staff, and learn from peers from a range of regions working on a variety of human rights issues.

At the end of last year's training, 100% of participants were either "very satisfied" or "satisfied" with the overall programme, and they all also felt that they would be able to apply what they learnt to their own day-t-day work. ISHR will look to build upon this success in 2018.

Participants will take part in:

1. A short online learning component, prior to face-to-face training, to enable you to consolidate your existing knowledge and develop your advocacy objectives;
2. Intensive training in Geneva during June, to coincide with the 38th session of the Human Rights Council. The training will focus on ways to effectively use international human rights mechanisms and to influence outcomes;

3. Specific advocacy at Human Rights Council sessions and other relevant meetings, with regular feedback and peer education to learn from the experiences, including expert input from leading human rights advocates.

This programme is directed at experienced human rights defenders in non-governmental organisations, with existing advocacy experience at the national level and some prior knowledge of the international human rights system.

The last 2 weeks were spent with some of the most brilliant & passionate [#HumanRights](#) defenders, facilitated by [@ISHRglobal](#)
